FORM 10-K

(Mark One)

ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the fiscal year ended December 31, 2017

or

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission file number: 333-202959

BALANCE LABS, INC.

(Exact name of registrant as specified in its charter)

Delaware

(State or other jurisdiction of
incorporation or organization)

47-1146785

(I.R.S. Employer
Identification No.)

**350 Lincoln Road
Miami Beach, FL**

(Address of principal executive offices)

33139

(Zip Code)

(305) 907-7600

Registrant's telephone number, including area code

Securities registered pursuant to Section 12(b) of the Exchange Act: None

Securities registered pursuant to Section 12(g) of the Exchange Act: Common Stock, par value \$0.0001

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes No

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K (§229.405 of this chapter) is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or smaller reporting company. See definition of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller Reporting Company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act.) Yes No

State the aggregate market value of the voting and non-voting common equity held by non-affiliates: none.

As of April 12, 2018, the number of shares of common stock of the registrant outstanding is 21,620,000, par value \$0.0001 per share.

CAUTIONARY NOTE REGARDING FORWARD LOOKING STATEMENTS

This Annual Report on Form 10-K contains “forward-looking statements”. Forward-looking statements discuss matters that are not historical facts. Because they discuss future events or conditions, forward-looking statements may include words such as “anticipate,” “believe,” “estimate,” “intend,” “could,” “should,” “would,” “may,” “seek,” “plan,” “might,” “will,” “expect,” “anticipate,” “predict,” “project,” “forecast,” “potential,” “continue” negatives thereof or similar expressions. Forward-looking statements speak only as of the date they are made, are based on various underlying assumptions and current expectations about the future and are not guarantees. Such statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, level of activity, performance or achievement to be materially different from the results of operations or plans expressed or implied by such forward-looking statements.

We cannot predict all of the risks and uncertainties. Accordingly, such information should not be regarded as representations that the results or conditions described in such statements or that our objectives and plans will be achieved and we do not assume any responsibility for the accuracy or completeness of any of these forward-looking statements. These forward-looking statements are found at various places throughout this Annual Report on Form 10-K and include information concerning possible or assumed future results of our operations, including statements about potential acquisition or merger targets; business strategies; future cash flows; financing plans; plans and objectives of management; any other statements regarding future acquisitions, future cash needs, future operations, business plans and future financial results, and any other statements that are not historical facts.

These forward-looking statements represent our intentions, plans, expectations, assumptions and beliefs about future events and are subject to risks, uncertainties and other factors. Many of those factors are outside of our control and could cause actual results to differ materially from the results expressed or implied by those forward-looking statements. In light of these risks, uncertainties and assumptions, the events described in the forward-looking statements might not occur or might occur to a different extent or at a different time than we have described. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of the Annual Report on Form 10-K. All subsequent written and oral forward-looking statements concerning other matters addressed in this Annual Report on Form 10-K and attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this Annual Report on Form 10-K.

Except to the extent required by law, we undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events, a change in events, conditions, circumstances or assumptions underlying such statements, or otherwise.

PART I

Item 1. Business.

Overview

Balance Labs, Inc. was incorporated on June 5, 2014 under the laws of the State of Delaware. We are a consulting firm that provides business development and consulting services to startup and development-stage businesses. With each client, our company provides businesses in various industries with customized consulting services to meet their business needs and help them improve their business models, sales and marketing plans and internal operations, as well as introduce the businesses to experienced professional contacts that would be vital to the success of these businesses.

The Company is led by our President, CEO, CFO and Chairman of the Board, Michael D. Farkas, who is a seasoned entrepreneur and has worked in corporate finance and in assisting and developing businesses in multiple industries for the past twenty-five (25) years. Along with Mr. Farkas, our management team consists of experienced business people in high-tech fields such as telecommunications, EV Charging infrastructure, laser technology, E-Cig and Vapor as well as the agricultural industry, specifically in the cultivation of olives and production of olive oil. Throughout the years while working with various companies, our management team recognized the need for an independent third party company that could help developmental stage and startup businesses create and implement a viable business model, assist them in developing marketing, promotional and merchandising plans.

Our business focuses on providing advice to entrepreneurs and assisting business owners so that their ideas can be fully developed and implemented. Due to limited resources, lack of experienced management and competing priorities, startup and developmental stage companies are not operating as efficiently as they can be, and therefore would benefit from an outside party that could assist in developing and executing certain strategies. We utilize our knowledge in developing businesses, share practical experiences with our clients and introduce the business owners to different experienced professionals who could help these inexperienced entrepreneurs further implement their ideas. Startups and development stage businesses across all industries commonly experience certain “growing pains”. Our plan is to prepare our clients for many inevitable challenges and develop a customized plan for them to overcome these obstacles so that they can focus on marketing their product(s) and/or service(s) to their potential customers.

Our Services

The Company will assist in the development and execution of the following services for our client companies:

- Business model development, including marketing research, naming and branding
- Business plan writing
- Financial modeling
- Website & mobile app development
- Employee and board member recruitment
- Patent/trademark filing assistance
- Professional introductions
- Product or service development
- Product production
- Develop marketing material
- Product or service placement
- Celebrity endorsements
- Introductions to professional services such as legal & accounting
- In the future we plan to offer executive office sharing and additional ancillary services

Target Market

The target market will consist of startup and developmental stage businesses located in the United States and abroad. We cater our services to startups and developmental stage companies that do not have the resources to execute or implement their business plan or ideas with the personnel in-house. Our client companies can derive value from our support and expertise with dealing with the typical growing pains and common mistakes experienced by startups.

Marketing and Sales

The company plans to hire a director of marketing. His responsibilities will include formalizing business arrangements with third party service providers, directing the development of our website and other online communication tools, and formulating marketing materials to be used during presentations and meetings.

We plan to enter the market by developing relationships initially with startups and development stage companies. We plan to use our website www.balancelabs.co to promote our services and provide a contact function that allows potential clients to reach us for additional information. We may also utilize social media such as Facebook, Twitter and an online blog to increase our presence online and communicate the value we can add.

We do not have any specific marketing channels in place at this point to market our services to potential customers. In the next twelve months we plan to market our services through word of mouth or personal referrals. We also plan to advertise in startup and development stage specific journals and online media. Referrals from companies that are satisfied with our provided services are likely to be our most significant and efficient form of marketing.

Competition

The primary source of competition will come from various service providers such as business plan writers, auditors, lawyers, marketing firms as well as many other types of service providers. In addition, those startups and development stage companies that have the resources and inclination to handle these tasks in-house will not need our services.

There are also numerous established firms that offer some combination of marketing, promotional and general consulting services to startup and development stage companies in the industry. In addition, there are a number of large and well-established general marketing agencies that provide strategy and implementation services to the industry as well as a number of other industries. We are a new entry into this competitive market and may struggle to differentiate ourselves as a specialist that provides more value for startup and development stage companies.

Services Pricing

The cost for consulting projects will depend on the scope of the project and time required to execute it. We may charge a flat fee based on the services that our clients request from us, an hourly rate, revenue share or a combination of the above in order to provide our clients with as many cost effective options as possible. Additionally, all expenses incurred, including engaging third parties, travel as well as other approved expenses, will be passed through to the client for reimbursements.

Employees

We presently have no other employees other than our President, CEO and CFO, Michael Farkas, Secretary, Carmen Villegas, Controller, Robert Wolf and Paralegal, Yechiel Baron. Over time, we may hire employees and/or engage additional independent contractors in order to execute our projects. These decisions will be made by our officers if and when appropriate.

Government Regulation

Our business activities currently are subject to no particular regulation by government agencies other than that routinely imposed on corporate businesses. We do not anticipate any regulations specific to our business activities in the future.

Seasonality

We do not have a seasonal business cycle.

Environmental Matters

Our business currently does not implicate any environmental regulation.

Intellectual Property

We do not hold any patents, trademarks or other registered intellectual property on services or processes relating to our business. With the exception of domain name and mobile app in the future, we do not consider the grant of patents, trademarks or other registered intellectual property essential to the success of our business.

Where You Can Find Us

The Company's principal executive office and mailing address is 350 Lincoln Road, Miami Beach, FL 33139. Our telephone number is (305) 907-7600.

We have registered the domain name of <http://www.balancelabs.com>.

Item 1A. Risk Factors.

RISK FACTORS

You should carefully consider the risks described below together with all of the other information included in this prospectus before making an investment decision with regard to our securities. The statements contained in or incorporated herein that are not historic facts are forward-looking statements that are subject to risks and uncertainties that could cause actual results to differ materially from those set forth in or implied by forward-looking statements. If any of the following risks actually occurs, our business, financial condition or results of operations could be harmed. In that case, you may lose all or part of your investment.

Risks Related to Our Business

IF WE DO NOT OBTAIN ADDITIONAL FINANCING OR SUFFICIENT REVENUES, OUR BUSINESS WILL FAIL.

We have had limited operations for over the past three years. Prior to that time, the Company had no operations upon which an evaluation of the Company and its prospects could be based. There can be no assurance that management of the Company will be successful in completing the Company's business development plan, devise a marketing plan to successfully reach the companies in this field or that the Company will generate sufficient revenues to meet its expenses or to achieve or maintain profitability.

Our current operating funds are less than necessary to complete the full development of our business plan, and we most likely will need to obtain additional financing in order to complete our business plan. We currently have minimal operations and we are not currently generating revenue or net income.

The Company currently does not have sufficient funds to pay its obligations. As a result, the Company will require additional financing to execute its business plan through raising additional capital and/or beginning to generate revenue.

We do not currently have any firm arrangements for financing, and we can provide no assurance to investors that we will be able to find such additional financing if required. Obtaining additional financing is subject to a number of factors, including investor acceptance of our technology and current financial condition as well as general market conditions. These factors affect the timing, amount, terms or conditions of additional financing unavailable to us. And if additional financing is not arranged, the company faces the risk of going out of business. The Company's management is currently engaged in actively pursuing multiple financing options in order to obtain the capital necessary to execute the Company's business plan.

OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM'S HAS RAISED SUBSTANTIAL DOUBT ABOUT OUR ABILITY TO CONTINUE AS A GOING CONCERN.

Our independent registered public accounting firm has expressed substantial doubt as to our ability to continue as a going concern. As discussed in the notes to the financial statements, these conditions raise substantial doubt from our independent auditor about our ability to continue as a going concern. Our plans in regard to these matters are also described in the notes to our financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount and classification of liabilities that might result should our company be unable to continue as a going concern.

We may require additional capital to implement our business plan and support our operations. Currently, we have no established bank-financing arrangements. Therefore, depending on the revenue growth rate, we may need to seek additional financing through a future private offering of our equity or debt securities, or through strategic partnerships and other arrangements with corporate partners. We believe we will be successful in these efforts; however, there can be no assurance we will meet our internal revenue forecasts or, if necessary, be successful in raising additional debt or equity financing to fund our operations on terms agreeable to the our company. These matters raise substantial doubt from our independent auditor about our ability to continue as a going concern. The financial statements do not include any adjustments that might be necessary if we were unable to continue as a going concern. We presently do not have enough cash on hand to sustain our operations. We anticipate the receipt of funding within such period, but there can be no assurance that it will occur. If we are unable to meet our internal revenue forecasts or obtain additional financing on a timely basis, we may have to delay vendor payments and/or initiate cost reductions, which would have a material adverse effect on the our business, financial condition and results of operations, and ultimately we could be forced to discontinue our operations, liquidate, and/or seek reorganization under the U.S. bankruptcy code.

ADVERSE EFFECT TO YOUR INTEREST UPON ADDITIONAL FINANCING

If we raise additional capital subsequent to this Offering through the issuance of equity or convertible debt securities, the percentage ownership of our company held by existing shareholders will be reduced and those shareholders may experience significant dilution. In addition, we may also have to issue securities that may have rights, preferences and privileges senior to our Common Stock. In the event we seek to raise additional capital through the issuance of debt or its equivalents, this will result in increased interest expense.

LIMITED EXPERIENCE IN MANAGING AND OPERATING A PUBLIC COMPANY

Our current management has limited experience managing and operating a public company and relies in many instances on the professional experience and advice of third parties including its attorneys and accountants. Failure to adequately comply with laws, rules, or regulations applicable to our business may result in fines or regulatory action, which may materially adversely affect our business, results of operations, or financial condition and could result in delays in the development of an active and liquid trading market for our stock.

SIGNIFICANT COSTS TO BE A PUBLIC COMPANY

We may incur significant costs associated with our public company reporting requirements, costs associated with newly applicable corporate governance requirements, including requirements under the Sarbanes-Oxley Act of 2002 and other rules implemented by the Securities and Exchange Commission. We expect all of these applicable rules and regulations to significantly increase our legal and financial compliance costs and to make some activities more time consuming and costly. We also expect that these applicable rules and regulations may make it more difficult and more expensive for us to obtain director and officer liability insurance and we may be required to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage. As a result, it may be more difficult for us to attract and retain qualified individuals to serve on our board of directors or as executive officers. We are currently evaluating and monitoring developments with respect to these newly applicable rules, and we cannot predict or estimate the amount of additional costs we may incur or the timing of such costs. In addition, we may not be able to absorb these costs of being a public company which will negatively affect our business operations. Based on our management's reasonable estimates, we anticipate that our cost of being a public company, including legal, audit costs, printing, filing fees and other costs will be between \$50,000 and \$75,000 per year.

SIGNIFICANT ADVERSE IMPACT TO OUR CAPITAL RESERVE OF ANY LIABLE UNINSURABLE CLAIM

Although we are in the process of obtaining the necessary Director and Officer liability insurance, we do not have any insurance to cover potential risks and general liabilities, including, but not limited to, injuries or economic losses arising out of or relating to our omission or errors in providing our services. Even if we decide to obtain insurance coverage in the future, it is possible that: (1) we may not be able to get enough insurance to meet our needs; (2) we may have to pay very high premiums for the additional coverage; (3) we may not be able to acquire any insurance for certain types of business risk; or (4) we may have gaps in coverage for certain risks. We may be exposed to potential uninsured claims for which we could have to expend significant amounts of capital. Consequently, if we were found liable for a significant uninsured claim in the future, we may be forced to expend a significant amount of our capital to resolve the uninsured claim.

COMPLETE CONTROL OVER THE COMPANY

Our majority shareholder, Balance Holdings, LLC, which our Chairman of the Board, Michael D. Farkas has investing and dispositive power of, beneficially own approximately 55.50% of our common stock. Mr. Farkas also has investing and dispositive power of Shilo Holding Group LLC, which own approximately 32.67% of our common stock. Therefore, Mr. Farkas is able to exercise control over all matters requiring shareholder approval, including the election of directors, amendment of our certificate of incorporation and approval of significant corporate transactions, and he also has significant control over our management and policies. The directors elected thereof will be able to significantly influence decisions affecting our capital structure. This control may have the effect of delaying or preventing changes in control or changes in management, or limiting the ability of our other shareholders to approve transactions that they may deem to be in their best interest.

WE ARE AN "EMERGING GROWTH COMPANY," AND ANY DECISION ON OUR PART TO COMPLY ONLY WITH CERTAIN REDUCED DISCLOSURE REQUIREMENTS APPLICABLE TO "EMERGING GROWTH COMPANIES" COULD MAKE OUR COMMON STOCK LESS ATTRACTIVE TO INVESTORS.

We are an "emerging growth company," as defined in the JOBS Act, and, for as long as we continue to be an "emerging growth company," we expect and fully intend to take advantage of exemptions from various reporting requirements applicable to other public companies but not to "emerging growth companies," including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved. We could be an "emerging growth company" for up to five years, or until the earliest of (i) the last day of the first fiscal year in which our annual gross revenues exceed \$1 billion, (ii) the date that we become a "large accelerated filer" as defined in Rule 12b-2 under the Exchange Act, which would occur if the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the last business day of our most recently completed second fiscal quarter, or (iii) the date on which we have issued more than \$1 billion in non-convertible debt during the preceding three year period. We have elected to rely on these exemptions and reduced disclosure requirements applicable to "emerging growth companies" and expect to continue to do so.

In addition, Section 107 of the JOBS Act also provides that an “emerging growth company” can take advantage of the extended transition period provided in Section 7(a) (2)(B) of the Securities Act for complying with new or revised accounting standards. In other words, an “emerging growth company” can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We have not elected to opt in to the extended transition period for complying with the revised accounting standards.

DEPENDENCE ON KEY PERSONNEL

We will be dependent on services from our management team, including Chairman of the Board, CEO and CFO, Michael D. Farkas, and Secretary Carmen Villegas. The loss of our officers could have a material adverse effect on the operations and prospects of the Company. Our management is expected to handle all marketing and sales efforts and manage the operations. Their responsibilities include formalizing business arrangements with third party service providers, directing the development of the Company website and other online communication tools, and formulating marketing materials to be used during presentations and meetings. At this time, we do not have an employment agreement with Ms. Villegas, though the Company may enter into such an agreement with her on terms and conditions usual and customary for its industry. The Company does not currently have “key man” life insurance on Ms. Villegas.

HIGHLY COMPETITIVE MARKET

There are numerous established companies that offer some combination of marketing, promotional and general consulting services to startup and development stage companies in the industry. In addition, there are a number of large and well-established full-service consulting firms that provide strategy and implementation services to a broad spectrum of industries. We are a new entry into this competitive market and may struggle to differentiate ourselves as a specialist that provides more value for startup and development stage companies.

INDEMNIFICATION AND LIMITATION OF LIABILITY

Our Certificate of Incorporation and By-Laws include provisions that eliminate the personal liability of the directors of the Company for monetary damages to the fullest extent possible under the laws of the State of Delaware or other applicable law. These provisions eliminate the liability of directors to the Company and its stockholders for monetary damages arising out of any violation of a director of his fiduciary duty of due care. Under Delaware law, however, such provisions do not eliminate the personal liability of a director for (i) breach of the director’s duty of loyalty, (ii) acts or omissions not in good faith or involving intentional misconduct or knowing violation of law, (iii) payment of dividends or repurchases of stock other than from lawfully available funds, or (iv) any transaction from which the director derived an improper benefit. These provisions do not affect a director’s liabilities under the federal securities laws or the recovery of damages by third parties.

POTENTIAL CLIENTS MAY NOT HAVE THE FUNDS OR THE NEED TO OUT SOURCE THIS WORK

Some companies have the resources to handle the strategy and implementation of these services in-house. Other companies may have limited available resources which will prohibit them from engaging us to help them develop and implement their strategy. Therefore, we risk having a limited niche potential client base.

COMPANY MAY RELY UPON INDEPENDENT CONTRACTORS TO IMPLEMENT SOLUTIONS

In order to implement our services at a scale commensurate with the business plan, we will most likely engage independent contractors who will need to be mentored and actively managed to ensure that their work product meets the standards of our Company. Recruiting, engaging, contracting and maintaining independent contractors who can perform this work could cause delays, unplanned expenses and other adverse results for the Company.

REPORTING REQUIREMENTS UNDER THE EXCHANGE ACT AND COMPLIANCE WITH THE SARBANES-OXLEY ACT OF 2002, INCLUDING ESTABLISHING AND MAINTAINING ACCEPTABLE INTERNAL CONTROLS OVER FINANCIAL REPORTING, ARE COSTLY AND MAY INCREASE SUBSTANTIALLY.

The rules and regulations of the SEC require a public company to prepare and file periodic reports under the Exchange Act, which will require that the Company engage legal, accounting, auditing and other professional services. The engagement of such services is costly. Additionally, the Sarbanes-Oxley Act of 2002 (the "Sarbanes- Oxley Act") requires, among other things, that we design, implement and maintain adequate internal controls and procedures over financial reporting. The costs of complying with the Sarbanes-Oxley Act and the limited technically qualified personnel we have may make it difficult for us to design, implement and maintain adequate internal controls over financial reporting. In the event that we fail to maintain an effective system of internal controls or discover material weaknesses in our internal controls, we may not be able to produce reliable financial reports or report fraud, which may harm our overall financial condition and result in loss of investor confidence and a decline in our share price.

As a public company, we will be subject to the reporting requirements of the Exchange Act, the Sarbanes-Oxley Act, the Dodd-Frank Act of 2010 and other applicable securities rules and regulations. Despite recent reforms made possible by the JOBS Act, compliance with these rules and regulations will nonetheless increase our legal and financial compliance costs, make some activities more difficult, time-consuming or costly and increase demand on our systems and resources, particularly after we are no longer an "emerging growth company." The Exchange Act requires, among other things, that we file annual, quarterly, and current reports with respect to our business and operating results.

We are working with our legal, independent accounting and financial advisors to identify those areas in which changes should be made to our financial and management control systems to manage our growth and our obligations as a public company. These areas include corporate governance, corporate control, disclosure controls and procedures and financial reporting and accounting systems. We have made, and will continue to make, changes in these and other areas. However, we anticipate that the expenses that will be required in order to adequately prepare for being a public company could be material. We estimate that the aggregate cost of increased legal services; accounting and audit functions; personnel, such as a chief financial officer familiar with the obligations of public company reporting; consultants to design and implement internal controls; and financial printing alone will be a few hundred thousand dollars per year and could be several hundred thousand dollars per year. In addition, if and when we retain independent directors and/or additional members of senior management, we may incur additional expenses related to director compensation and/or premiums for directors' and officers' liability insurance, the costs of which we cannot estimate at this time. We may also incur additional expenses associated with investor relations and similar functions, the cost of which we also cannot estimate at this time. However, these additional expenses individually, or in the aggregate, may also be material.

In addition, being a public company could make it more difficult or more costly for us to obtain certain types of insurance, including directors' and officers' liability insurance, and we may be forced to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage. The impact of these events could also make it more difficult for us to attract and retain qualified persons to serve on our board of directors, our board committees or as executive officers.

The increased costs associated with operating as a public company may decrease our net income or increase our net loss, and may cause us to reduce costs in other areas of our business or increase the prices of our products or services to offset the effect of such increased costs. Additionally, if these requirements divert our management's attention from other business concerns, they could have a material adverse effect on our business, financial condition and results of operations.

IF WE ARE NOT ABLE TO IMPLEMENT THE REQUIREMENTS OF SECTION 404 OF THE SARBANES-OXLEY ACT IN A TIMELY MANNER OR WITH ADEQUATE COMPLIANCE, WE MAY BE SUBJECT TO SANCTIONS BY REGULATORY AUTHORITIES.

Section 404 of the Sarbanes-Oxley Act requires that we evaluate and determine the effectiveness of our internal controls over financial reporting and, beginning with our annual report for fiscal year 2016, provide a management report on the internal control over financial reporting. We are in the preliminary stages of seeking consultants to assist us with a review of our existing internal controls and the design and implementation of additional internal controls that we may determine are appropriate. If we have a material weakness in our internal control over financial reporting, we may not detect errors on a timely basis and our financial statements may be materially misstated. We will be evaluating our internal controls systems to allow management to report on our internal controls. We will be performing the system and process evaluation and testing (and any necessary remediation) required to comply with the management certification requirements of Section 404 of the Sarbanes-Oxley Act of 2002.

We cannot be certain as to the timing of completion of our evaluation, testing and remediation actions or the impact of the same on our operations. If we are not able to implement the requirements of Section 404 in a timely manner or with adequate compliance, we may be subject to sanctions or investigation by regulatory authorities, such as the SEC or a stock exchange on which our securities may be listed in the future. Any such action could adversely affect our financial results or investors' confidence in us and could cause our stock price to fall. Moreover, if we are not able to comply with the requirements of Section 404 in a timely manner, or if we or our independent registered public accounting firm identifies deficiencies in our internal controls that are deemed to be material weaknesses, we could be subject to sanctions or investigations by the SEC, any stock exchange on which our securities may be listed in the future, or other regulatory authorities, which would entail expenditure of additional financial and management resources and could materially adversely affect our stock price. Inferior internal controls could also cause us to fail to meet our reporting obligations or cause investors to lose confidence in our reported financial information, which could have a negative effect on our stock price.

We have evaluated the effectiveness of our internal controls over financial reporting, and the effectiveness of our disclosure controls and procedures, and find them deficient due to personnel that lack SEC reporting experience and lack of segregation of duties. We are diligently working to improve our training procedures. Any such deficiencies, weaknesses or lack of compliance could have a materially adverse effect on our ability to comply with the reporting requirements of the Securities Exchange Act of 1934 which is necessary to maintain our public company status. If we were to fail to fulfill those obligations, our ability to continue as a U.S. public company would be in jeopardy in which event an investor could lose his entire investment in our company.

Risks Related to Our Common Stock

NO PUBLIC TRADING MARKET

There is no established public trading market for our common stock and there can be no assurance that one will ever develop. Market liquidity will depend on the perception of our operating business and any steps that our management might take to bring us to the awareness of investors. There can be no assurance given that there will be any awareness generated. Consequently, investors may not be able to liquidate their investment or liquidate it at a price that reflects the value of the business. As a result holders of our securities may not find purchasers for our securities should they to sell securities held by them. Consequently, our securities should be purchased only by investors having no need for liquidity in their investment and who can hold our securities for an indefinite period of time.

NOT LIKELY TO PAY DIVIDENDS

We currently intend to retain any future earnings for use in the operation and expansion of our business. Accordingly, we do not expect to pay any dividends in the foreseeable future, but will review this policy as circumstances dictate.

MAY BE SUBJECT NOW AND IN THE FUTURE TO THE SEC'S "PENNY STOCK" RULES

We may be subject now and in the future to the SEC's "penny stock" rules if our shares of Common Stock sell below \$5.00 per share. Penny stocks generally are equity securities with a price of less than \$5.00. The penny stock rules require broker-dealers to deliver a standardized risk disclosure document prepared by the SEC which provides information about penny stocks and the nature and level of risks in the penny stock market. The broker-dealer must also provide the customer with current bid and offer quotations for the penny stock, the compensation of the broker-dealer and its salesperson, and monthly account statements showing the market value of each penny stock held in the customer's account. The bid and offer quotations, and the broker-dealer and salesperson compensation information must be given to the customer orally or in writing prior to completing the transaction and must be given to the customer in writing before or with the customer's confirmation.

In addition, the penny stock rules require that prior to a transaction, the broker dealer must make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written agreement to the transaction. The penny stock rules are burdensome and may reduce purchases of any offerings and reduce the trading activity for shares of our Common Stock. As long as our shares of Common Stock are subject to the penny stock rules, the holders of such shares of Common Stock may find it more difficult to sell their securities.

Item 1B. Unresolved Staff Comments.

Not applicable.

Item 2. Properties.

The Company's principal executive office and mailing address is 350 Lincoln Road, Miami Beach, FL 33139. Our telephone number is (305) 907-7600. The Company is currently paying a rent of \$2,658 on a month to month basis.

Item 3. Legal Proceedings.

To the best of our knowledge, there are no material pending legal proceedings to which we are a party or of which any of our property is the subject. From time to time, we may become involved in various lawsuits and legal proceedings, which arise, in the ordinary course of business. However, litigation is subject to inherent uncertainties, and an adverse result in these or other matters may arise from time to time that may harm our business.

Item 4. Mine Safety Disclosures.

Not Applicable.

PART II

Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.

Market Information

The Company's common stock is currently trading on the OTC bulletin Board under symbol BLNC. Our stock is thinly traded and there is no active trading market developed for our shares of common stock.

Holders

As of April 12, 2018, we had approximately 49 holders of our common stock.

Dividends

To date, we have not declared or paid any dividends on our common stock. We currently do not anticipate paying any cash dividends in the foreseeable future on our common stock. Although we intend to retain our earnings, if any, to finance the exploration and growth of our business, our Board of Directors has the discretion to declare and pay dividends in the future.

Payment of dividends in the future will depend upon our earnings, capital requirements, and any other factors that our Board of Directors deems relevant.

Recent Sales of Unregistered Securities

On December 23, 2015, the Company issued a secured convertible promissory note in the amount of \$25,000 (the "December 2015 Note"). The December 2015 Note carries an interest rate of 8% and was due on March 23, 2016. The December 2015 Note is secured by all the assets of the Company and further contains a provision that the lender may convert any part of the December 2015 Note, including accrued interest, that is unpaid into the Company's common stock at an exercise price of \$0.50 per share. The December 2015 Note also contains a five-year warrant to purchase 100,000 shares of common stock at an exercise price of \$0.50 per share until December 23, 2020. As of March 23, 2016, the December 2015 Note is in default. As of December 31, 2017, the accrued interest on the note is \$8,488.

On April 1, 2016, the Company received \$500,000 in exchange for a convertible debenture due April 2, 2017 bearing interest at 10% and convertible into common stock at \$0.25 per share unless the convertible debenture is paid by the Company prior to the election of the holder to convert.

On April 1, 2016, the Company entered into an investment agreement (the "Investment Agreement") with Newel Trading Group LLC, a Delaware limited liability company ("Newel") whereby Newel is obligated, providing the Company has met certain conditions including the filing of a Registration Statement for the shares to be acquired, to purchase up to Twenty-Five Million Dollars (\$25,000,000) of the Company's common stock at the rates set forth in the Investment Agreement. Under the Investment Agreement, the shares are purchased at the discretion of the Company by issuing a Put Notice when funds are needed. In consideration for the execution and delivery of the Investment Agreement, Company issued 1,000,000 non-registrable shares of Company's common stock with a fair value of \$125,000 and three year warrants to purchase 2,000,000 shares of the Company's common stock at an exercise price of \$3.50 per share, expiring March 23, 2019. The black scholes option pricing model with the following assumptions were used to value the warrants. Expected volatility of 559%, expected life of 3 years, risk free rate of return of 0.9% and expected dividend yield of 0%. The warrants had a fair value of \$250,000.

On September 30, 2016 the Company's Chief Executive Officer loaned the Company \$120,000 in exchange for a convertible note issued by the Company with an interest rate of 10% convertible into common stock at \$1.00 (the "Convertible Note"). In addition, the Company issued the Chief Executive Officer 600,000 warrants with a value of \$111,428. The warrants had a fair value of \$85,714.

Item 6. Selected Financial Data.

Smaller reporting companies are not required to provide the information for this item.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operation.

Plan of Operations

Our plan is to prepare our clients for the many inevitable challenges they will encounter and to develop a customized plan for them to help overcome these obstacles, so that they can focus on marketing their product(s) and/or service(s) to their potential customers.

Although we've only worked with one client since inception, our goal is to add and service a minimum of two to three new clients between now and the end of 2018. We're marketing our services through both personal contact and online by (a) mining our existing network of professional contacts via personal outreach programs, which will also target international prospects that may wish to enter the US market; (b) expanding our network by attending targeted conferences and professional gatherings; and (c) utilizing our website at www.balancelabs.co, plus engaging potential clients on social media, including LinkedIn, Facebook and Twitter. However, because we have a limited budget allocated for an on-line marketing campaign, we anticipate that professionals within our professional network and personal referrals from companies that are satisfied with our professional services are likely to be our most significant and efficient near-term form of marketing.

The Company incorporated or formed six subsidiaries since 2016, BalanceLabs, LLC., Balance AgroTech Co., Advanced AutoTech Co., Balance Cannabis Co., Balance Medical Marijuana Co., and KryptoBank Co. BalanceLabs LLC, is strictly a management company that provides necessary administrative services to small companies. The Company's four subsidiaries, Balance Agrotech Co., Advanced AutoTech Co., Balance Cannabis Co., and Balance Medical Marijuana Co. are dormant as of December 31, 2017. Except for KryptoBank Co., all of the subsidiaries are wholly owned by the Company.

We believe that we can support our year one clients with our existing full-time staff, supplemented with part-time sub-contracted professionals and service providers, as necessary. Between now and the end of 2018, we intend to formalize our relationships with these sub-contractors so that we can offer our clients turn-key business development products and services.

Our primary requirement for funding is for working capital in order to accommodate temporary imbalances between cash receipts and cash expenditures (see “Liquidity and Capital Resources”).

Results of Operations

The year Ended December 31, 2017 with the year Ended December 31, 2016

Overview

We reported a net loss of \$838,577 and \$1,134,655 for the year ended December 31, 2017 and 2016, respectively, a decrease of \$296,078 or 26%, primarily due to a \$160,154 decrease in interest for the year ended December 31, 2017 and a 75,838 decrease in general and administrative expenses.

Revenues

For the year ended December 31, 2017, we generated \$500 in revenue from a related party, for the year ended December 31, 2016 we generated \$0.

General and administrative expenses

General and Administrative expenses were \$94,874 and \$170,712 for the year ended December 31, 2017 and 2016, respectively, a decrease of \$75,838 or 45%. This is a result of lower rent and consulting fees.

Interest expense

Interest expense for the year ended December 31, 2017 and 2016 was \$304,468 and \$464,622, respectively. The decrease was attributable to the reduction in debt discount on the \$25,000 and \$500,000 notes.

Liquidity and Capital Resources

We measure our liquidity in a number of ways, including the following:

	<u>December 31, 2017</u>	<u>December 31, 2016</u>
Cash	\$ 7,355	\$ 18,057
Working capital (deficiency)	(1,609,368)	\$ (774,722)

Investment Agreement

On April 1, 2016, the Company entered into an investment agreement (the “Investment Agreement”) with Newel Trading Group LLC, a Delaware limited liability company (“Newel”) whereby Newel is obligated, providing the Company has met certain conditions including the filing of a Form S-1 Registration Statement for the shares to be acquired, to purchase up to Twenty-Five Million Dollars (\$25,000,000) of the Company’s common stock at the rates set forth in the Investment Agreement. Under the Investment Agreement, the shares are purchased at the discretion of the Company by issuing a Put Notice when funds are needed. In consideration for the execution and delivery of the Investment Agreement, the Company issued 1,000,000 non-registrable shares of Company’s common stock. The Company also issued Newel 2,000,000 warrants at an exercise price of \$3.50.

Availability of Additional Funds

Except for the monthly consulting fee to our Chief Executive Officer and Chairman of the Board and the lease of our office space, as described elsewhere in this Annual Report, we currently do not have any material commitments for capital expenditures. We are actively pursuing new client relationships. Even if we were to add a new client(s), due to our current lack of a diversified client base, there could be temporary imbalances between cash receipts and cash operating expenditures, which means that we may need additional capital. The engagement revenues associated with most client engagements will self-fund the in-house and sub-contractor services we need in order to supply products and services to our clients.

As of December 31, 2017, the Company had a working capital deficiency of \$1,609,368. The Company's cash flow used in operating cash flows was \$372,332. The Company has raised \$336,630 in debt financing from related parties during the year ended December 31, 2017. In addition, the Company is working to manage its current liabilities while it continues to make changes in operations to further improve its cash flow and liquidity position. Based upon the Company's current cash flow projections, management believes the Company will need additional capital resources to meet projected cash flow requirements for the next twelve months.

During the fiscal year ended December 31, 2017, our sources and uses of cash were as follows:

Net Cash Used in Operating Activities

We experienced negative cash flow from operating activities for the year ended December 31, 2017 in the amount of \$372,332. The net cash used in operating activities was primarily due to cash used to fund a net loss of \$839,077 adjusted for non-cash expenses of \$212,502, an increase in accounts payable and accrued expenses by \$247,295 and a \$6,948 increase in prepaid expenses.

We experienced negative cash flow from operating activities for the year ended December 31, 2016 in the amount of \$635,073. The net cash used in operating activities was primarily due to cash used to fund a net loss of \$1,134,655 adjusted for non-cash expenses of \$422,374 an increase in accounts payable and accrued expenses-related party by \$110,330 and a \$33,122 decrease in prepaid expenses.

Net Cash Provided by Financing Activities

Net cash provided by financing activities during the year ended December 31, 2017 and December 31, 2016 was \$361,630 and \$644,039. In 2017, cash received by financing activities as of December 31, 2017 was \$361,130 from related parties and \$500 from the sale of a non-controlling interest in our consolidated subsidiary.

Net Cash Used in Investing Activities

Net cash used in investing activities during the year ended December 31, 2017 and December 31, 2016 was \$0 and \$9,980, respectively. In 2016 cash used in investing activities of \$9,980 was for equipment purchases.

Our Auditors Have Issued a Going Concern Opinion

The Company's independent registered public accounting firm has expressed substantial doubt as to the Company's ability to continue as a going concern as of December 31, 2017. The financial statements in this annual report on Form 10-K have been prepared assuming that the Company will continue as a going concern. As discussed in the notes to the financial statements, these conditions raise substantial doubt from our independent auditor about the Company's ability to continue as a going concern. The Company's plans in regard to these matters are also described in the notes to the Company's financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount and classification of liabilities that might result should the Company be unable to continue as a going concern.

The Company may require additional capital to implement the Company's business plan and support its operations. Currently, the Company has no established bank-financing arrangements. Therefore, depending on the revenue growth rate, the Company may need to seek additional financing through a future private offering of the Company's equity or debt securities, or through strategic partnerships and other arrangements with corporate partners. The Company believes it will be successful in these efforts; however, there can be no assurance the Company will meet its internal revenue forecasts or, if necessary, be successful in raising additional debt or equity financing to fund the Company's operations on terms agreeable to the Company. These matters raise substantial doubt from the Company's independent auditor about the Company's ability to continue as a going concern. The financial statements do not include any adjustments that might be necessary if the Company were unable to continue as a going concern. The Company presently does not have enough cash on hand to sustain our operations. The Company anticipates the receipt of funding within such period, but there can be no assurance that it will occur. If the Company is unable to meet its internal revenue forecasts or obtain additional financing on a timely basis, it may have to delay vendor payments and/or initiate cost reductions, which would have a material adverse effect on the Company's business, financial condition and results of operations, and ultimately it could be forced to discontinue the Company's operations, liquidate, and/or seek reorganization under the U.S. bankruptcy code.

Off-Balance Sheet Arrangements

The Company does not have any off-balance sheet arrangements.

Critical Accounting Policies and Estimates

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Estimates may include those pertaining to accruals, stock-based compensation and income taxes. Actual results could materially differ from those estimates.

Revenue Recognition

The Company recognizes revenue related to its professional services to its customers when (i) persuasive evidence of an arrangement exists; (ii) delivery has occurred or services have been rendered; (iii) the sales price is fixed or determinable; and (iv) collectability is reasonably assured.

Recent Accounting Standards

We have implemented all new accounting standards that are in effect and may impact our financial statements and do not believe that there are any other new accounting standards that have been issued that might have a material impact on our financial position or results of operations.

In February 2016, the FASB issued ASU 2016-02, Leases, which will amend current lease accounting to require lessees to recognize (i) a lease liability, which is a lessee's obligation to make lease payments arising from a lease, measured on a discounted basis, and (ii) a right-of-use asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term. ASU 2016-02 does not significantly change lease accounting requirements applicable to lessors; however, certain changes were made to align, where necessary, lessor accounting with the lessee accounting model. This standard will be effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. We are currently evaluating the impact of this standard on our financial statements.

In March 2016, the FASB issued ASU 2016-09, Compensation – Stock Compensation: Improvements to Employee Share-Based Payment Accounting, which relates to the accounting for employee share-based payments. This standard addresses several aspects of the accounting for share-based payment award transactions, including: (a) income tax consequences; (b) classification of awards as either equity or liabilities; and (c) classification on the statement of cash flows. This standard will be effective for fiscal years beginning after December 15, 2016, including interim periods within those fiscal years.

In April 2016, the FASB issued ASU 2016–10 Revenue from Contract with Customers (Topic 606): identifying Performance Obligations and Licensing”. The amendments in this Update do not change the core principle of the guidance in Topic 606. Rather, the amendments in this Update clarify the following two aspects of Topic 606: identifying performance obligations and the licensing implementation guidance, while retaining the related principles for those areas. Topic 606 includes implementation guidance on (a) contracts with customers to transfer goods and services in exchange for consideration and (b) determining whether an entity’s promise to grant a license provides a customer with either a right to use the entity’s intellectual property (which is satisfied at a point in time) or a right to access the entity’s intellectual property (which is satisfied over time). The amendments in this Update are intended render more detailed implementation guidance with the expectation to reduce the degree of judgement necessary to comply with Topic 606. We are currently reviewing the provisions of this ASU to determine if there will be any impact on our results of operations, cash flows or financial condition.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk.

Smaller reporting companies are not required to provide the information required by this item.

Item 8. Financial Statements and Supplementary Data.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Directors of:
Balance Labs, Inc.

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Balance Labs, Inc. and Subsidiaries (the “Company”) as of December 31, 2017 and 2016, and the related consolidated statements of operations, changes in stockholders’ equity (deficit) and cash flows for each of the two years in the period ended December 31, 2017, and the related notes. In our opinion the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2017 and 2016, and the results of its operations and its cash flows for the years ended December 31, 2017 and 2016, in conformity with accounting principles generally accepted in the United States of America.

Explanatory Paragraph – Going Concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the consolidated financial statements, the Company has experienced net losses since inception and negative cash flows from operations and has relied on loans from related parties to fund its operations. These factors raise substantial doubt about the Company’s ability to continue as a going concern. Management’s plans in regard to these matters are described in Note 2. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These consolidated financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s consolidated financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal controls over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

BALANCE LABS, INC. and Subsidiaries
Notes to Consolidated Financial Statements
As of December 31, 2017 and 2016

Note 1 – Business Organization and Nature of Operations

Balance Labs, Inc. (“Balance Labs” or the “Company”) was incorporated on June 5, 2014 under the laws of the State of Delaware. Balance Labs is a consulting firm that provides business development and consulting services to start up and development stage businesses. The Company offers services to help businesses in various industries improve and fine tune their business models, sales and marketing plans and internal operations as well as make introductions to professional services such as business plan writing, accounting firms and legal service providers.

During the year ending December 31, 2017 and 2016 the Company added the following wholly owned subsidiaries:

BalanceLabs, LLC., formed October 12, 2015, Balance AgroTech Co., formed July 11, 2016, Advanced AutoTech Co., formed May 10, 2016, Balance Medical Marijuana Co., formed December 22, 2015, Balance Cannabis Co. formed May 13, 2016 and majority owned KryptoBank Co., formed December 27, 2017. All intercompany transactions have been eliminated.

The Company leverages its knowledge in developing businesses with entrepreneurs and start up companies’ management whereby it creates a customized plan for them to overcome obstacles so that they can focus on marketing their product(s) and/or service(s) to their potential customers.

Note 2 – Going Concern

The consolidated financial statements have been prepared assuming the Company will continue as a going concern. The Company has suffered losses from operations and has a cash deficiency that raises substantial doubt about its ability to continue as a going concern. The Company used \$372,332 of cash in operating activities and currently has \$7,355 in cash. This will not sustain the Company without additional funds. Management plans to raise additional capital within the next twelve months that will sustain its operations for the next year. In addition, the company will begin an active marketing campaign to market its services.

Note 3 – Summary of Significant Accounting Policies

Cash and Cash Equivalents

The Company considers all highly liquid temporary cash investments with an original maturity of three months or less to be cash equivalents. At December 31, 2017 and December 31, 2016, the Company has \$2,000 in cash equivalents.

Use of Estimates

The preparation of the consolidated financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Estimates may include those pertaining to stock-based compensation, depreciable lives of fixed assets and deferred tax assets. Actual results could materially differ from those estimates.

Concentrations and Credit Risk

One customer provided 100% of revenues during the year ended December 31, 2017.

Revenue Recognition

The Company recognizes revenue related to its professional services to its customers when (i) persuasive evidence of an arrangement exists; (ii) delivery has occurred or services have been rendered; (iii) the sales price is fixed or determinable; and (iv) collectability is reasonably assured.

Income Taxes

The Company recognizes deferred tax assets and liabilities for the expected future tax consequences of items that have been included or excluded in the financial statements or tax returns. Deferred tax assets and liabilities are determined on the basis of the difference between the tax basis of assets and liabilities and their respective financial reporting amounts ("temporary differences") at enacted tax rates in effect for the years in which the temporary differences are expected to reverse.

The Company adopted the provisions of Accounting Standards Codification ("ASC") Topic 740-10, which prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return.

Management has evaluated and concluded that there are no material tax positions requiring recognition in the Company's financial statements as of December 31, 2017. The Company does not expect any significant changes in its unrecognized tax benefits within twelve months of the reporting date. The Company's 2014, 2015, 2016 and 2017 tax returns remain open for audit for Federal and State taxing authorities.

The Company's policy is to classify assessments, if any, for tax related interest as interest expense and penalties as general and administrative expenses in the statement of operations.

Investments

Investments are recorded at fair value on December 31, 2017 and 2016.

Marketable Securities

The Company holds marketable securities including common shares of BANG Holdings, Corp. which is currently trading on the Over-the-Counter Bulletin Board (OTCBB). The Company classifies all of its marketable securities as investments on the balance sheets because they are available-for-sale and not available to fund current operations. Marketable securities are stated at fair value with their unrealized gains and losses included as a component of accumulated other comprehensive income (loss), which is a separate component of stockholders' equity, until such gains and losses are realized. If a decline in the fair value is considered other-than-temporary based on available evidence, the unrealized loss is transferred from other comprehensive income (loss) to the statements of operations. Realized gains and losses are determined on the specific identification method and are included in investment and other income, net.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk primarily consist of cash, cash equivalents and marketable securities. As of December 31, 2017, the carrying value of marketable securities was \$80,000, which consist of common shares held in one (1) investment which currently is trading on the Over-the-Counter Bulletin Board (OTCBB). The Company has classified this investment as a Level 3 asset on the fair value hierarchy because the investment is valued using unobservable inputs, due to the fact that observable inputs are not available, or situations in which there is little, if any, market activity for the asset or liability at the measurement date.

Principles of Consolidation

The consolidated financial statements include the Company and its wholly owned corporate subsidiaries (Balance Labs LLC., from October 12, 2015, Balance AgroTech Co., from July 11, 2016, Advanced Auto Tech Co., from May 10, 2016, Balance Cannabis Co., from May 13, 2016, and Balance Medical Marijuana Co from December 22, 2015, and our 91% majority owned subsidiary KryptoBank Co., from December 23, 2017. All intercompany transactions are eliminated. The Company's four subsidiaries, Balance AgroTech Co., Advanced AutoTech Co., Balance Cannabis Co., and Balance Medical Marijuana Co. are dormant. KryptoBank Co., began operations on December 27, 2017.

Net Loss Per Common Share

Basic and diluted loss per common share is computed by dividing net loss by the weighted average number of common shares and warrants from convertible debentures outstanding during the periods. The effect of 2,920,000 and 2,920,000 warrants and 2,552,137 and 2,331,137 shares from convertible notes payable for the years ended December 31, 2017 and 2016, respectively were anti-dilutive and not included in loss per share.

Stock-Based Compensation

The Company measures the cost of services received in exchange for an award of equity instruments based on the fair value of the award. For employees, the fair value of the award is measured on the grant date and for non-employees, the fair value of the award is generally re-measured on vesting dates and financial reporting dates until the service period is complete. The fair value amount is then recognized over the period during which services are required to be provided in exchange for the award, usually the vesting period. Awards granted to directors are treated on the same basis as awards granted to employees.

The Company has computed the fair value of warrants granted using the Black-Scholes option pricing model. The expected term used for warrants is the contractual life. Since the Company's stock has not been publicly traded for a sufficiently long period, the Company is utilizing an expected volatility figure based on a review of the historical volatilities, over a period of time, equivalent to the expected life of the instrument being valued, of similarly positioned public companies within its industry. The risk-free interest rate was determined from the implied yields from U.S. Treasury zero-coupon bonds with a remaining term consistent with the expected term of the instrument being valued.

Fair Value of Financial Instruments

The Company measures its financial assets and liabilities in accordance with GAAP. For certain of our financial instruments, including cash, accounts payable, and the short-term portion of long-term debt, the carrying amounts approximate fair value due to their short maturities.

We adopted accounting guidance for financial and non-financial assets and liabilities (ASC 820). This standard defines fair value, provides guidance for measuring fair value and requires certain disclosures. This standard does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements. This guidance does not apply to measurements related to share-based payments. This guidance discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow), and the cost approach (cost to replace the service capacity of an asset or replacement cost). The guidance utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

- Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices that are observable, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.
- Level 3: Unobservable inputs in which little or no market data exists, therefore developed using estimates and assumptions developed by us, which reflect those that a market participant would use.

The following table presents certain assets of the Company's measured and recorded at fair value on the Company's balance sheet on a recurring basis and their level within the fair value hierarchy as of December 31, 2017.

	Total	(Level 1)	(Level 2)	(Level 3)
Fair-value – equity securities	\$ 80,000	\$ -	\$ -	\$ 80,000
Total Assets measured at fair value	\$ 80,000	\$ -	\$ -	\$ 80,000

The following table presents certain assets of the Company's measured and recorded at fair value on the Company's balance sheet on a recurring basis and their level within the fair value hierarchy as of December 31, 2016.

	Total	(Level 1)	(Level 2)	(Level 3)
Fair-value – equity securities	\$ 892,250	\$ -	\$ -	\$ 892,250
Total Assets measured at fair value	\$ 892,250	\$ -	\$ -	\$ 892,250

The following is a reconciliation of the level 3 Assets:

Beginning Balance as of January 1, 2017	\$ 892,250
Unrealized loss on (level 3) asset December 31, 2017	(812,250)
Ending Balance as of December 31, 2017	\$ 80,000

Business Segments

The Company operates in one segment and therefore segment information is not presented.

Advertising, Marketing and Promotional Costs

Advertising, marketing and promotional expenses are expensed as incurred and are included in selling, general and administrative expenses on the accompanying statement of operations. For the years ended December 31, 2017 and December 31, 2016, advertising, marketing and promotion expense was \$392 in 2017 and \$24,503 in 2016, respectively.

Property and equipment

Property and equipment consists of furniture and office equipment and is stated at cost less accumulated depreciation. Depreciation is determined by using the straight-line method for furniture and office equipment, over the estimated useful lives of the related assets, generally three to five years.

Expenditures for repairs and maintenance of equipment are charged to expense as incurred. Major replacements and betterments are capitalized and depreciated over the remaining useful lives of the related assets.

Property and equipment as of December 31, 2017 and 2016 consisted of the following:

	Estimated Useful Lives	2017	2016
Computer equipment & Software	3 yrs SL	\$ 5,358	\$ 5,358
Furniture	3 yrs SL	4,622	4,622
Total		9,980	9,980
Less Accumulated Depreciation		5,268	1,327
Property and Equipment, net		\$ 4,722	\$ 8,653

Depreciation expense for the years ended December 31, 2017 and 2016 totaled \$3,931 and \$1,327 respectively. Equipment additions during the years ended December 31, 2017 and 2016 were \$0 and \$9,980, respectively.

Reclassifications

Certain 2016 amounts have been reclassified for comparative purposes to conform to the fiscal 2017 presentation. These reclassifications have no impact on the previously reported net loss.

Recently Issued Accounting Pronouncements

The Company has evaluated all new accounting standards that are in effect and may impact its consolidated financial statements and does not believe that there are any other new accounting standards that have been issued that might have a material impact on its financial position or results of operations.

In February 2016, the FASB issued ASU 2016-02, Leases, which will amend current lease accounting to require lessees to recognize (i) a lease liability, which is a lessee's obligation to make lease payments arising from a lease, measured on a discounted basis, and (ii) a right-of-use asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term. ASU 2016-02 does not significantly change lease accounting requirements applicable to lessors; however, certain changes were made to align, where necessary, lessor accounting with the lessee accounting model. This standard will be effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. We are currently reviewing the provisions of this ASU to determine if there will be any impact on our results of operations, cash flows or financial condition.

In March 2016, the FASB issued ASU 2016-09, Compensation – Stock Compensation: Improvements to Employee Share-Based Payment Accounting, which relates to the accounting for employee share-based payments. This standard addresses several aspects of the accounting for share-based payment award transactions, including: (a) income tax consequences; (b) classification of awards as either equity or liabilities; and (c) classification on the statement of cash flows. This standard will be effective for fiscal years beginning after December 15, 2016, including interim periods within those fiscal years. We are currently reviewing the provisions of this ASU to determine if there will be any impact on our results of operations, cash flows or financial condition.

In April 2016, the FASB issued ASU 2016-10 Revenue from Contract with Customers (Topic 606): identifying Performance Obligations and Licensing". The amendments in this Update do not change the core principle of the guidance in Topic 606. Rather, the amendments in this Update clarify the following two aspects of Topic 606: identifying performance obligations and the licensing implementation guidance, while retaining the related principles for those areas. Topic 606 includes implementation guidance on (a) contracts with customers to transfer goods and services in exchange for consideration and (b) determining whether an entity's promise to grant a license provides a customer with either a right to use the entity's intellectual property (which is satisfied at a point in time) or a right to access the entity's intellectual property (which is satisfied over time). The amendments in this Update are intended render more detailed implementation guidance with the expectation to reduce the degree of judgement necessary to comply with Topic 606. We are currently reviewing the provisions of this ASU to determine if there will be any impact on our results of operations, cash flows or financial condition.

Note 4 – Stockholders’ Equity

Authorized Capital

The Company is authorized to issue 500,000,000 shares of common stock, \$0.0001 par value, and 50,000,000 shares of preferred stock, \$0.0001 par value.

Common Stock

On April 1, 2016 the company issued 1,000,000 shares to Newell Trading Group LLC., in consideration for an investment agreement with a fair value of \$125,000. (See Note 8.) On December 28, 2017 the company sold a non-controlling interest in its subsidiary, KryptoBank Co. for \$500 equal to 9% of the outstanding shares.

Warrants

On September 17, 2015, the Company issued an aggregate of 220,000 shares of common stock at \$0.50 per unit to investors. In connection with the purchases, the Company issued three-year warrants to purchase an aggregate of 220,000 shares of common stock at an exercise price of \$2.00 per share. The warrants expire September 17, 2018.

During 2015, the Company issued 100,000 warrants as part of a convertible note offering. The fair value of the warrants was \$19,965. The warrants expire December 23, 2020.

In conjunction with the Newell Investment Agreement (see Note 8), the company issued warrants to purchase 2,000,000 shares of the Company’s common stock at an exercise price of \$3.50 per share expiring on March 23, 2019.

On September 30, 2016, The Company’s CEO loaned the Company \$120,000 in addition to paying interest at 10%, the Company issued 600,000 warrants at an exercise price of \$1.00 per share expiring on September 30, 2021.

	2017	2016
Risk-free interest rate	-	1.14%
Expected dividend yield	-	-
Expected term (in years)	-	2 - 5
Expected volatility	-	514%

The following table summarizes warrants outstanding as of December 31, 2017 and 2016, and the related changes during the periods are presented below.

Number of Warrants	Weighted Average Exercise Price	
Balance at December 31, 2015	320,000	\$ 0.50
Granted	2,600,000	2.77
Exercised	-	-
Forfeited	-	-
Balance at December 31, 2016	2,920,000	2.62
Granted		
Exercised	-	-
Forfeited	-	-
Balance at December 31, 2017	2,920,000	\$ 2.62

Note 5 Income Taxes

On December 22, 2017, President Trump signed into law the Tax Cuts and Jobs Act (the “TCJA”) that significantly reforms the Internal Revenue Code of 1986, as amended (the “Internal Revenue Code”). The TCJA, among other things, contains significant changes to corporate taxation, including reduction of the corporate tax rate from a top marginal rate of 35% to a flat rate of 21%, effective as of January 1, 2018; limitation of the tax deduction for interest expense; limitation of the deduction for net operating losses to 80% of current year taxable income and elimination of net operating loss carrybacks, in each case, for losses arising in taxable years beginning after December 31, 2017 (though any such tax losses may be carried forward indefinitely); modifying or repealing many business deductions and credits, including reducing the business tax credit for certain clinical testing expenses incurred in the testing of certain drugs for rare diseases or conditions generally referred to as “orphan drugs”; and repeal of the federal Alternative Minimum Tax (“AMT”).

The staff of the Securities and Exchange Commission issued Staff Accounting Bulletin No. 118 to address the application of GAAP in situations when a registrant does not have the necessary information available, prepared or analyzed (including computations) in reasonable detail to complete the accounting for certain income tax effects of the TCJA. In connection with the initial analysis of the impact of the TCJA, the Company remeasured its deferred tax assets and liabilities based on the rates at which they are expected to reverse in the future, which is generally 21%. The remeasurement of the Company's deferred tax assets and liabilities was offset by a change in the valuation allowance.

The Company is still in the process of analyzing the impact to the Company of the TCJA. Where the Company has been able to make reasonable estimates of the effects related to which its analysis is not yet complete, the Company has recorded provisional amounts. The ultimate impact to the Company's consolidated financial statements of the TCJA may differ from the provisional amounts due to, among other things, additional analysis, changes in interpretations and assumptions the Company has made, additional regulatory guidance that may be issued, and actions the Company may take as a result of the TCJA. The accounting is expected to be complete when the Company's 2017 U.S. corporate income tax return is filed in 2018.

The Company has the following net deferred tax asset:

	As of December 31, 2017	As of December 31, 2016
Net operating loss carryforward	\$ 434,071	\$ 407,000
Valuation allowance	(434,071)	(407,000)
Net deferred tax assets	\$ -	\$ -

A reconciliation of the statutory federal income tax rate to the Company's effective tax rate is as follows:

	For the Year ended December 31, 2017	For the Year ended December 31, 2016
Expected federal statutory rate	(34.0)%	(34.0)%
State Effect on tax rate, net of federal benefit	(4.0)%	(4.0)%
Non Deductible Expense	9%	-
Change in valuation allowance	29.0%	38.0%
Income tax provision (benefit)	0.0	0.0

As of December 31, 2017, the Company had approximately \$1,700,000 of federal and state net operating loss carryovers (“NOLs”). The valuation allowance increased approximately \$26,791 and \$170,000 for the years ended December 31, 2017 and 2016, respectively.

The Company, after considering all available evidence, fully reserved its deferred tax assets since it is more likely than not that such benefits may be realized in future periods. The Company has not yet established that it can generate taxable income. The Company will continue to evaluate its deferred tax assets to determine whether any changes in circumstances could affect the realization of their future benefit. If it is determined in future periods that portions of the Company's deferred tax assets satisfy the realization standards, the valuation allowance will be reduced accordingly.

The Company does not have any tax positions for which it is reasonably possible that the total amount of gross unrecognized tax benefits will increase or decrease within twelve months of December 31, 2017. The unrecognized tax benefits may increase or change during the next year for items that arise in the ordinary course of business. The Company's 2014, 2015, 2016 and 2017 Income Tax Returns remain open to audit by various Federal Tax and State taxing Authority.

Note 6 – Related Party Transactions

The Company's CEO earned \$10,000 per month. The following compensation was recorded within general and administrative expenses – related parties on the statements of operations: \$120,000 and \$120,000 for the years ended December 31, 2017 and 2016, respectively. As of December 31, 2017, \$366,659 of compensation was unpaid and was included in accounts payable – related parties on the balance sheet.

For the year ended December 31, 2016, the Company expensed \$35,000, for rent and office services which are included in general and administrative expenses related party to Balance Holdings LLC, an entity controlled by the Company's CEO. As of December 31, 2017, \$5,000 of the rent expense was unpaid and is included in accounts payable-related parties on the balance sheet.

As of December 31, 2016, the CEO loaned \$120,000 as a convertible note payable to the Company at an interest rate of 10%, due on October 1, 2017. In addition, the Company issued 600,000 warrants at an execution price of \$1.00 which expire on October 1, 2019. See Note 8.

As of December 31, 2017, the CEO and Company's controlled by the CEO have loaned the Company a total of \$377,289 in addition to the convertible note discussed above. The loans carry an interest rate of 8% and mature one year and one day from the date of the loan. The Company accrued interest of \$16,123 on the loans.

On May 4, 2016, the Company began compensating Aviv Hillo, a member of the board of directors, \$2,500 per month. The expense for the year ended December 31, 2017 was \$30,000 compared to \$30,000 for the year ended December 31, 2016.

The Company on July 27, 2016 signed a sublease with entity partially owned by a related party to sub-lease approximately 2200 square feet 1691 Michigan Ave, Miami Beach, Fl. 33139, beginning August 1, 2016 and ending December 31, 2018 at a monthly base rental of \$7,741 per month until July 31, 2017, \$7,973 per month from August 1, 2017 to July 31, 2018, and \$8,212 from August 1, 2018 to the sublease termination date. In addition to base rent, the company will have to pay 50% of the CAM charges as additional rent. On or about January 15, 2017, The Company was made aware that the master lease for the office space was in default. Consequently, the Company ceased payments. On or about March, 31, 2017, The Company was served with an eviction notice as the Master Lease was still in default. The Company owes two months' rent to the master lease holder which has been accrued. The Company has used its security deposit to partially pay its delinquent rent. On Friday, May 12, 2017 the Company moved its headquarters to 350 Lincoln Road, Miami Beach, FL 33139. The Company pays \$2,248 per month rent and through October 31, 2017. Beginning November 1, 2017, the Company began occupying the space on a month to month basis. In addition, the company had to pay a security deposit of \$7,325. The company is currently looking for a permanent office space to relocate.

On December 29, 2017 KryptoBank Co., as part of its initial funding, borrowed \$5,000 from a shareholder. The note has a stated interest rate of 12% compounded annually and is due on demand.

Note 7 – Commitments and Contingencies

Litigation, Claims and Assessments

In the normal course of business, the Company may be involved in legal proceedings, claims and assessments arising in the ordinary course of business. Such matters are subject to many uncertainties, and outcomes are not predictable with assurance. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the Company's consolidated financial position or results of operations.

Consulting Fees

The Company will continue to pay its CEO \$10,000 per month as compensation on a month to month basis. In addition, the company pays Aviv Hillo, a member of the board of directors, \$2,500 per month as compensation. They will be recorded in general and administrative expenses-related parties on the statement of operations.

Rent

The Company has discontinued paying a related company \$5,000 a month as rent on a month to month basis as of July 31, 2016. The company now pays \$2,658 rent on a month to month basis and is obligated until October 2018 in its new location.

Note 8 – Notes Payable

As of December 31, 2017, the CEO and Company's controlled by the CEO have loaned the Company a total of \$377,289 in addition to the convertible note discussed below. The loans carry an interest rate of 8% and mature one year and one day from the date of the loan. The Company accrued interest of \$16,123 on the loans.

On December 29, 2017 KryptoBank Co., as part of its initial funding, borrowed \$5,000 from a shareholder. The note has a stated interest rate of 12% compounded annually and is due on demand.

Convertible Notes Payable

On December 23, 2015, the Company issued a secured convertible promissory note in the amount of \$25,000. The note carries a rate of 8% and was due on March 23, 2016. It is secured by all the assets of the Company. The note further contains a provision that the lender may convert any part of the note, including accrued interest, that is unpaid into the Company's common stock at an exercise price of \$0.50 per share. The note also contains a five-year warrant to purchase 100,000 shares of common stock at an exercise price of \$0.50 per share until December 23, 2020. As of March 23, 2016, the note is in default. As of December 31, 2017, the accrued interest on the note is \$8,488.

On April 1, 2016, the Company received \$500,000 in exchange for a convertible debenture due April 2, 2017 bearing interest at 10% and convertible into common stock at \$.25 per share unless the note is paid by the Company prior to the election of the holder to convert. The Company recognized a beneficial conversion feature expense of \$500,000 that has been fully amortized. As of December 31, 2017, accrued interest on the note is \$87,500.

On April 1, 2016, the Company entered into an investment agreement (the "Investment Agreement") with Newel Trading Group LLC, a Delaware limited liability company ("Newel") whereby Newel is obligated, providing the Company has met certain conditions including the filing of a Registration Statement for the shares to be acquired, to purchase up to Twenty-Five Million Dollars (\$25,000,000) of the Company's common stock at the rates set forth in the Investment Agreement. Under the Investment Agreement, the shares are purchased at the discretion of the Company by issuing a Put Notice when funds are needed. In consideration for the execution and delivery of the Investment Agreement, Company issued 1,000,000 non-registrable shares of Company's common stock with a fair value of \$125,000 and three year warrants to purchase 2,000,000 shares of the Company's common stock at an exercise price of \$3.50 per share, expiring March 23, 2019. The black scholes option pricing model with the following assumptions were used to value the warrants. Expected volatility of 559%, expected life of 3 years, risk free rate of return of 0.9% and expected dividend yield of 0%. The warrants had a fair value of \$250,000. Newell is currently in liquidation.

On September 30, 2016 the Company's CEO loaned the Company \$120,000 with an interest rate of 10% and is convertible into common stock at \$1.00. In addition, the Company issued the CEO 600,000 warrants and recorded a debt discount of \$111,428, which has been fully amortized. The Company valued the warrants using the Black-Scholes option pricing model with the following assumptions: Expected volatility of 514%, expected life of five years, risk free rate of return of 1.14% and an expected divided yield of 0%. The warrants had a fair value of \$85,714.

Note 9 - Subsequent Events

From January 1 to March 31, 2018, entities controlled by the CEO made short term advances to the Company of \$107,750.

From January 1 to March 27, 2018 \$95,000 was loaned to the company's subsidiary, KryptoBank Co. The loans were issued at a 12% interest rate, compounded annually, and payable on demand.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.

None.

Item 9A. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

Pursuant to Rule 13a-15(b) under the Securities Exchange Act of 1934 (“Exchange Act”), the Company carried out an evaluation, with the participation of the Company’s management, including the Company’s Chief Executive Officer (“CEO”) and Chief Financial Officer (“CFO”), of the effectiveness of the Company’s disclosure controls and procedures (as defined under Rule 13a-15(e) under the Exchange Act) as of the end of the period covered by this report. Based upon that evaluation, the Company’s CEO and CFO concluded that our disclosure controls and procedures were not effective as of December 31, 2017 for the material weakness describe below.

Management’s Annual Report on Internal Control over Financial Reporting.

The management of the Company is responsible for establishing and maintaining adequate internal control over financial reporting for the Company. Our internal control system was designed to, in general, provide reasonable assurance to the Company’s management and board regarding the preparation and fair presentation of published financial statements, but because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management assessed the effectiveness of the Company’s internal control over financial reporting as of December 31, 2017. The framework used by management in making that assessment was the criteria set forth in the document entitled “Internal Control – Integrated Framework” issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework). Based on this assessment, our management has concluded that our internal controls were not effective as of December 31, 2017 for the material weaknesses describe as follows: (i) lack of an independent board of directors, (ii) lack of GAAP knowledge, and (iii) lack of proper segregation of duties.

This annual report does not include an attestation report of the Company’s registered public accounting firm regarding internal control over financial reporting. Management’s report was not subject to attestation by the Company’s registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the Company to provide only management’s report in this annual report.

Changes in Internal Controls Over Financial Reporting

No change in our internal control over financial reporting occurred the year ended December 31, 2017 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Item 9B. Other Information.

None.

PART III

Item 10. Directors, Executive Officers and Corporate Governance.

Directors and Executive Officers

The following sets forth information about our directors and executive officers as of the date of this report:

Name	Age	Positions
Michael D. Farkas	46	President, Chief Executive Officer, Chief Financial Officer and Chairman of the Board
Carmen Villegas	30	Secretary and Director
Aviv Hillo	53	Director

Michael D. Farkas, President, Chief Executive Officer, Chief Financial Officer and Chairman of the Board

Mr. Farkas is serving as the President, Chief Executive Officer, Chief Financial Officer and Chairman of the Board of the Company. Mr. Farkas has served as the Chief Executive Officer and Member of the Board of Directors of Car Charging Group, Inc. since 2010. Mr. Farkas is the founder and manager of The Farkas Group, a privately held investment firm. Mr. Farkas also currently holds the position of Chairman and Chief Executive Officer of the Atlas Group, where its subsidiary, Atlas Capital Services, a broker-dealer, has successfully raised capital for a number of public and private clients until it withdrew its FINRA registration in 2007. Over the last 20 years, Mr. Farkas has established a successful track record as a principal investor across a variety of industries, including telecommunications, technology, aerospace and defense, agriculture, and automotive retail.

Carmen Villegas, Secretary and Director

Ms. Villegas began serving as Secretary and Director of Balance Labs, Inc. since January 15, 2015. Ms. Villegas is currently the Executive Assistant at Car Charging, Inc., a publicly traded company and the Farkas Group, Inc. At both companies, Ms. Villegas assists the President and CEO in matters such as meeting schedules, appointments, conferences and travel arrangements. Ms. Villegas also assists the accounting department with file/database maintenance and record-keeping. Ms. Villegas also helps the executives receive and distribute correspondence to the appropriate department and personnel, as well as other administrative tasks in support of the companies' daily operations.

Ms. Villegas holds an Associate in Arts Degree in Business Administration & Accounting and is currently pursuing a Bachelor's Degree in Business Administration with a minor in Psychology at Florida International University.

Aviv Hillo, Director

Mr. Hillo is co-founder of Ariel Photonics Assembly Ltd., a leading laser-based products and applications company in Israel, and has been its Deputy CEO, Legal Advisor and Business Advisor since August 2007. Mr. Hillo has been a partner at Schechter Hillo Law Offices (previously Yerushalmi & Hillo Law Offices) since 2004, and is the CEO and founder of Edison Capital Ltd. since 2013. He is a skilled international business lawyer with a 20-year established track record both in Israel and New York, handling cross-border transactions and litigations. Mr. Hillo is also an experienced executive and investor across a variety of industries including defense technology, real estate, biotechnology, mobile apps, and internet marketplace platforms. During the years of 1998 to 2003, he practiced law at Yerushalmi & Associate as an associate and partner in New York City. He served as the CEO and director of Ensave 2000, LLC, and as legal advisor and director in Mobile Homes International, LLC. Mr. Hillo was a shareholder and legal advisor for LSL Biotechnologies, Inc. He served on the board of "Misdar Dorshei Tov", an Israeli non-for profit organization between 1994 and 1996. Mr. Hillo graduated from the Tel Aviv School of Law in 1993, and received his Master's Degree (cum laude) in Banking, Corporate and Finance Law at Fordham School of Law in 2001. He was admitted to the Israeli Bar in 1994 and to the New York State Bar in 1999. Mr. Hillo served in an elite Israeli military unit as a commander and officer (Major), and was honorably released in 2006. Mr. Hillo is paid \$2,500 per month for his services as members of the board of directors of the Company.

Term of Office

Our directors are appointed for a one-year term to hold office until the next annual general meeting of our shareholders or until removed from office in accordance with our bylaws. Our officers are appointed by our board of directors and hold office until removed by the board.

We currently do not have employment agreements with our executive officers and directors.

Family Relationships

There is no family relationship among any of our directors or executive officers.

Director Independence

For purposes of determining director independence, we have applied the definitions set out in NASDAQ Rule 4200(a)(15). Under NASDAQ Rule 4200(a)(15), a director is not considered to be independent if he or she is also an executive officer or employee of the corporation or has been, at any time during the past three years, employed by the company. Accordingly, we do not have any independent director as of the date of this registration statement.

Involvement in Certain Legal Proceedings

Our directors and executive officers have not been convicted in a criminal proceeding, excluding traffic violations or similar misdemeanors, or has been a party to any judicial or administrative proceeding during the past five years that resulted in a judgment, decree or final order enjoining the person from future violations of, or prohibiting activities subject to, federal or state securities laws, or a finding of any violation of federal or state securities laws, except for matters that were dismissed without sanction or settlement. Except as set forth in our discussion below in "Certain Relationships and Related Transactions," none of our directors, director nominees or executive officers has been involved in any transactions with us or any of our directors, executive officers, affiliates or associates which are required to be disclosed pursuant to the rules and regulations of the SEC.

Code of Ethics

The company has not adopted a Code of Ethics applicable to its Principal Executive Officer and Principal Financial Officer.

Item 11. Executive Compensation.

The following summary compensation table sets forth all compensation awarded to, earned by, or paid to the named executive officers paid by us during the years ended December 31, 2017 and December 31, 2016.

SUMMARY COMPENSATION TABLE

Name and Principal Position	Year	Salary (\$)	Bonus (\$)	Stock Awards (\$)	Option Awards (\$)	Non-Equity Incentive Plan Compensation (\$)	Non-Qualified Deferred Compensation Earnings (\$)	All Other Compensation (\$)	Totals (\$)
Michael D. Farkas President, CEO and CFO (1)	2017	\$ 0	\$ 0	\$ 0	\$ 0	\$ 0	\$ 0	120,000	\$120,000
	2016	\$ 0	\$ 0	\$ 0	\$ 0	\$ 0	\$ 0	120,000	\$120,000

(1) Mr. Farkas resigned as Chief Executive Officer on January 15, 2015 and reappointed as President, Chief Executive Officer and Chief Financial Officer on September 11, 2015. Pursuant to certain consulting agreement between Mr. Farkas and the Company, Mr. Farkas is entitled to a monthly consulting service fee of \$10,000 per month. As of the date hereof, Mr. Farkas has not received any payment for his services provided and such amounts have been accrued.

Option Grants Table

There were no individual grants of stock options to purchase our common stock made to the executive officers named in the Summary Compensation Table for the years ended December 31, 2017 and December 31, 2016.

Long-Term Incentive Plan Awards Table

None.

Employment Agreements and Consulting Agreements

Pursuant to certain consulting agreement between Mr. Farkas and the Company, Mr. Farkas is entitled to a monthly consulting service fee of \$10,000 per month. As of the date hereof, Mr. Farkas has not received any payment for his services provided and such amounts have been accrued.

Other than the above, we currently we do not have an employment agreement in place with our officers and directors.

No retirement, pension, profit sharing, insurance programs, long-term incentive plans or other similar programs have been adopted by us for the benefit of our employees. We may however implement such long-term equity incentive plans in the future.

Compensation of Directors

On May 4, 2016, the Company began compensating Aviv Hillo, a member of the board of directors, \$2,500 per month. Mr. Hillo was compensated \$30,000 for the fiscal year ended December 31, 2017 and \$15,000 for the fiscal year ended December 31, 2016. The other members of the board of directors do not get compensated. The board of directors has the authority to fix the compensation of directors.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.

The following table sets forth certain information as of the date hereof with respect to the beneficial ownership of our ordinary shares, the sole outstanding class of our voting securities, by (i) each stockholder known to be the beneficial owner of 5% or more of the outstanding ordinary shares of the Company, (ii) each executive officer and director, and (iii) all executive officers and directors as a group. Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission and generally includes voting or investment power with respect to securities. Ordinary shares subject to options, warrants or convertible securities exercisable or convertible within 60 days as of the date hereof are deemed outstanding for computing the percentage of the person or entity holding such options, warrants or convertible securities but are not deemed outstanding for computing the percentage of any other person.

Name	Number of Shares Beneficially Owned (3) (4)	Percent of Class (1)
Michael D. Farkas (2)	19,063,700	88.18%
Carmen Villegas	150,000	*
Aviv Hillo	-	0%
All Executive Officers and Directors as a group (3 individuals)	19,213,700	88.87%
5% or Greater Shareholders		
Balance Holdings LLC (2)	12,000,000	55.50%
Shilo Holding Group LLC (2)	7,062,300	32.67%

- (1) Based on 21,620,000 shares of common stock outstanding as of April 12, 2018.
- (2) Michael D. Farkas holds 12,000,000, 1,400 and 7,062,300 shares of common stock through Balance Holdings, LLC, Shilo Security Solutions, Inc, and Shilo Holding Group LLC, respectively.
- (3) Beneficial ownership is determined in accordance with Rule 13D-3(a) of the Exchange Act and generally includes voting or investment power with respect to securities.
- (4) The percentages in the table have been calculated on the basis of treating as outstanding for a particular person, all shares of our common stock outstanding on that date and all shares of our common stock issuable to that holder in the event of exercise of outstanding options, warrants, rights or conversion privileges owned by that person at that date which are exercisable within 60 days of that date. Except as otherwise indicated, the persons listed below have sole voting and investment power with respect to all shares of our common stock owned by them, except to the extent that power may be shared with a spouse.

*Less than 1%

Item 13. Certain Relationships and Related Transactions, and Director Independence.

The Company's CEO earned \$10,000 per month. The following compensation was recorded within general and administrative expenses – related parties on the statements of operations: \$120,000 and \$120,000 for the years ended December 31, 2017 and 2016, respectively. As of December 31, 2017, \$371,659 of compensation was unpaid and was included in accounts payable – related parties on the balance sheet.

For the years ended December 31, 2017 and 2016, the Company expensed \$0 and \$35,000, respectively, for rent and office services which are included in general and administrative expenses related party to Balance Holdings LLC, an entity controlled by the Company's CEO. As of December 31, 2017, \$5,000 was owed.

On December 31, 2016, the CEO loaned \$120,000 as a convertible note payable to the Company at an interest rate of 10%, due on October 1, 2017. In addition, the Company issued 600,000 warrants at an execution price of \$1.00 which expire on October 1, 2019. See Note 8.

On May 4, 2016, the Company began compensating its board member Aviv Hillo, \$2,500 per month. The expense for the year ended December 31, 2017 was \$30,000 compared to \$15,000 for 2016. In addition, Mr. Hillo was paid \$4,000 for legal services related to the purchase of Pimi Agro in 2016.

On July 27, 2016, the Company signed a sublease (the "Master Lease") with an entity partially owned by a related party to sub-lease approximately 2200 square feet located at 1691 Michigan Ave, Miami Beach, Florida 33139, beginning August 1, 2016 and ending December 31, 2018 at a monthly base rental of \$7,741 per month until July 31, 2017, \$7,973 per month from August 1, 2017 to July 31, 2018, and \$8,212 from August 1, 2018 to the sublease termination date. In addition to base rent, the Company will have to pay 50% of the CAM charges as additional rent. On or about January 15, 2017, the Company was made aware that the Master Lease for the office space was in default. Consequently, the Company ceased payments. On or about March 31, 2017, the Company was served with an eviction notice as the Master Lease was still in default. The Company is working towards a settlement under the Sublease.

As additional compensation for its services, on August 22, 2014, BANG Holdings Corp., issued to the Company 500,000 common shares. The Company's principal shareholder beneficially owns common shares in BANG Holdings Corp., in excess of 5% of the total outstanding shares through a Company he controls.

On December 29, 2017 KryptoBank Co., as part of its initial funding, borrowed \$5,000 from a shareholder. The note has a stated interest rate of 12% compounded annually and is due on demand.

Item 14. Principal Accountant Fees and Services.

The following table presents for each of the last two fiscal years the aggregate fees billed in connection with the audits of our financial statements and other professional services rendered by our independent registered public accounting firm Liggett & Webb, PA.

	2017	2016
Audit Fees (1)	\$ 21,926	\$ 24,000
Audit-Related Fees (2)	—	—
Tax Fees (3)	—	—
All Other Fees (4)	—	—
Total Accounting fees and Services	\$ 21,926	\$ 24,000

(1) Audit Fees. These are fees for professional services for the audit of our annual financial statements, and for the review of the financial statements included in our filings on Form 10-K and Form 10-Q, and for services that are normally provided in connection with statutory and regulatory filings or engagements.

(2) Audit-Related Fees. These are fees for assurance and related services by the principal accountant that are reasonably related to the performance of the audit or review of the registrant's financial statements.

(3) Tax Fees. These are fees for professional services rendered by the principal accountant with respect to tax compliance, tax advice, and tax planning.

(4) All Other Fees. These are fees for products and services provided by the principal accountant, other than the services reported above.

I, Michael D. Farkas, certify that:

1. I have reviewed this Form 10-K of Balance Labs, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods present in this report;
4. I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13-a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financing reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involved management or other employees who have a significant role in the registrant's internal control over financial reporting.
